

Grace Academy is a tuition-free, private middle school (5th -8th grade) for low-income girls living in Hartford and the surrounding area. Founded in 2010, Grace Academy is intentionally small, serving 60 students. Grace adheres to the nine mission effective standards of the *NativityMiguel* model of education and provides an exceptional educational opportunity to girls from families of limited economic means. In a structured learning environment – including a 10-hour school day, individual tutoring and small classes – our students develop the character, skills and discipline needed to become productive citizens. We are committed to the success of our students not only in middle school, but – with guidance, tutoring and financial support – in high school and college.
